Work

Project Associate | Indian Institute of Technology - Madras, India

August to December 2021

- Adhering to standard data formats while logging sensor information. Front-end testing uses this data
- Contributing to the integration of new features with the front-end functionality by assisting the hardware and networking teams
- Implementing standard software design methodologies
- Providing standardized documentation and communication support for the product development team

GIS Consultant | Annex Infotech - Ahmedabad, India

July to December 2019

- Responding to queries by the technical and non-technical teams of the organization.
- Having a good working relationship with all the teams involved in image classification and ground verification by continued communication, thus ensuring the report is accurate. Compile reports and supporting documents.
- Make reports on short notice, when requested by management.

Education

Masters in Computing | Australian National University, Canberra

Feb 2021 - *present*

Masters of Technology, Remote Sensing | Birla Institute of Technology, Mesra

June 2017 - June 2019

Bachelors of Technology, Civil Engineering | SASTRA University, Tanjore

June 2012 - Nov 2016
